# Profile

**WELINGUD International** is a Manufacturers Exporters of Equestrian products, Farrier Tools, and Veterinary Instruments

Its a great deal of effort to gain our place in the Global market and thanks to all the customers who have trusted in our company and products, we hold a privileged position that few brands can achieve.

These efforts and experience that comes with third generation we are now able to reward ourselves by producing the high quality products with competitive prices which will make life a great deal easier for all those who involved in the buying and selling of our products.

We are entering a new century where our quality products need to be guaranteed, not only the through craftsmanship that they display but also complying the latest manufacturing techniques.

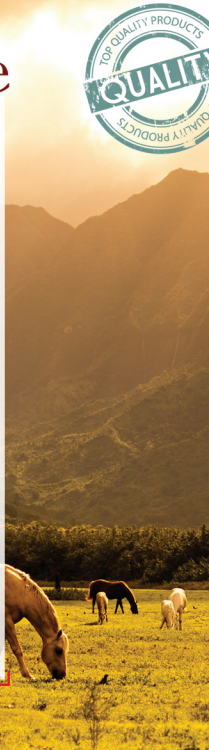

We are also benefiting from our new premises and we find ourselves in an excellent position to become one of the most important producers in the world.

It has not been an easy path and we would like to take this opportunity to thank all our customers for their support, and express our thanks to every one who has trusted in our products and contributed to our success.

Of course, we would also like to thank our photographer who has been part and parcel of this project from the start, and to the website developer of these pages who will undoubtedly contributed to its success.

Bearing in mind all the changes, which are taking place in our development, one which will see our continued improvement in the quality and fast delivery services by WellnGud International symbol of an excellence for its renowned products.

Thanks for your kind attention in a precious time.
